

## Coach for the Danish men's team at the Europeans 2023

3. October 2023

Danish curling is looking at getting back into the Euro A division, and our Danish Men's team needs a good coach.

The European Championships takes place in Perth, Scotland, 18.-25.11.2023. Our Men's team is a selected national team and consists of Mikkel Krause, Mads Nørgaard, Henrik Holtermann, Oliver Søe and a not yet selected 5th player.

The team is preparing for the Euros playing the following tournaments:

NCT Jönköping, Sweden (13.-15.10.2023)

NCT Sundbyberg, Sweden (27.-29.10.2023)

NCT Danish Open, Copenhagen, Denmark (02.-05.11.2023)

We expect you to travel to Denmark/Sweden to get to know the team, work with them and participate in the Danish Open and 1 or 2 other tournaments and some training sessions.

We expect you to have coached and/or coached at a high level before and can see a challenge contributing to get Denmark to the A-group. If successful it would be natural to extend the engagement towards the goal of qualifying for the Olympics 2026.

We will of course pay your expenses and a salary, but we are a small association with very limited funding, so you do the job primarily for the challenge and to get to work with a bunch of motivated and talented curlers, and not for the money. For that same reason you probably reside in Europe, so travel costs can be kept down.
